

LABOURER EXCEPT CONSTRUCTION DECREE

Job status: permanent, temporary, casual.

Shift: day, evening, night, weekend and on call.

Possibility of overtime.

Summary description of the position

SDX Mécanique, a specialist in mechanics and industrial maintenance, is looking for Labourers for the deployment of teams of workers in an industrial environment. The selected candidates will be called upon to support mechanics, welders and pipe-fitters in the execution of mechanical work, structure assembly, installation and replacement of equipment. Versatile and respectful of health and safety standards and rules, our labourers pay great attention to the quality of their work and are excellent team players.

Job Description

In carrying out his tasks, the labourer is responsible for preparing the materials, tools and the work area for the skilled workers he/she assists. Working alone or as part of a team, the labourer supplies the plant, transports materials and cleans up before and after work. He also assists in the assembly of mechanical components in support of industrial mechanics, such as drilling, cutting, grinding, assembly and driving forklifts.

Required knowledge and skills

- Hold a DES.
- Have relevant experience on a construction site or in an industrial environment.
- Hold a valid ASP Construction card.
- Intermediate level of written and spoken French. English is an asset.
- Ability to drive a forklift.
- Have a sense of autonomy and efficiently manage priorities.
- Hold a class 5 driver's license.
- Knows and respects (at all times) the rules related to health and safety at work.
